

Curriculum Vitae

Ioannis Z. Milis

Professor, Department of Informatics,
Athens University of Economics and Business

1. Personal details

- Born 1/8/1960, Partheni, Arcadia, Greece
- Nationality: Greek
- Married, one daughter
- Home: F. Negri 48, 11361 Athens, Greece
Phone: +30 210 8828017
- Office: Department of Informatics, Athens University of Economics and Business,
Patisision 76, 10434 Athens, Greece
Phone: +30 210 8203537, Fax: +30 210 8226105, e-mail: milis@aueb.gr

2. Studies

- B.E.E., Department of Electrical Engineering, Democritus University of Thrake, 1983
- Ph. D. in Informatics, Department of Informatics, Athens University of Economics, 1989

3. Research interests

Design and analysis of algorithms; applications to computer and communication systems and networks, energy efficient computing, combinatorial optimization, graph theory and game theory.

4. Positions

- Researcher, Greek Ministry of Defence, Research Division (during military service, 1989-91).
- Post-doc Researcher, Athens University of Economics and Business (1991-92).
- Post-doc Researcher, Laboratoire de Recherche en Informatique (LRI), Université Paris-Sud XI (Orsay) (1992-1994).
- Post-doc Researcher, Institut National de Recherche en Informatique et en Automatique, INRIA - Sophia Antipolis (1994-95).
- Post-doc Researcher, National Technical University of Athens (NTUA), Department of Electrical and Computer Engineering (1996-98).
- Visiting Lecturer, National and Kapodistrian University of Athens (NKUA), Department of Informatics (1997-98).
- Visiting Lecturer, Athens University of Economics and Business (AUEB), Department of Informatics (1997-98).
- Assistant Professor (1998-2004), Associate Professor (2004-2012), Professor (2012-), Athens University of Economics and Business (AUEB), Department of Informatics.
- Visiting Researcher, LiX, École Polytechnique, Spring 2005, Fall 2010.
- Visiting Researcher, IBISC, Université d'Évry Val-d'Essonne, Fall 2010.
- Visiting Researcher, LAMSADE, Université Paris-Dauphine, Spring 2007, Spring 2011, Fall 2012.

5. Research grants

- *Mapping problems in parallel computing: cases, algorithms and complexity*, European Commission, Program Human Capital and Mobility, Université de Paris-Sud XI (Orsay), 68 Kecu, 1993-94.
- *Quantification, qualification and experimentation for parallel computing and networking*, European Commission, Program Human Capital and Mobility, INRIA-Sophia Antipolis, 37 Kecu, 1995.
- *Algorithmic tools for efficient scheduling in parallel computing environments*, European Commission, Program Training and Mobility of Researchers, National Technical University of Athens, 36 Kecu, 1996-97.
- *Scheduling tools for efficient parallel processing*, Greek National Fellowships Foundation, National Technical University of Athens, 2.4 Mdrachmas, 1997-98.
- *Scheduling problems in computer and communication systems*, Research Center of Athens University of Economics and Business, 700 Kdrachmas, 2000-01.
- *APProximation and On-Line algorithms (APPOL)*, European Commission, Program IST-FET, National Technical University of Athens, 9.000 €, 1999-2000.
- *APProximation and On-Line algorithms II (APPOL II)*, European Commission, Program IST-FET, Athens University of Economics and Business, 14.400 €, 2001-2004.
- *Optimization problems in computer and communication networks: theoretical foundations, design of efficient algorithms and development of experimental software*, Greek General Secretariat for Research and Technology, Program PENED 2003, Athens University of Economics and Business, 40.000 €, 2006-2008.
- *Weighted graph coloring problems and applications*, Basic Research Funding Program (BRFP) of Athens University of Economics and Business, 7.300 €, 2008.
- *Generalized graph coloring problems and applications*, Mairie de Paris, Programme “Research in Paris”, LAMSADE, Université Paris-Dauphine et CNRS, Paris, 18.000 €, 2011.
- *Algorithms for power management in computing environments*, Greek General Secretariat for Research and Technology, Program HRAKLEITOS II, Athens University of Economics and Business, 45.000 €, 2010-13.
- *Algorithms of today: social networks, data streaming, resource allocation and power management in communication and computing systems*, Greek General Secretariat for Research and Technology, Program THALIS, Athens University of Economics and Business, 150.000 €, 2012-15.
- *Handling uncertainty in data intensive applications on a distributed computing environment (cloud computing)*, Greek General Secretariat for Research and Technology, Program THALIS, Athens University of Economics and Business, 50.000 €, 2012-15.

6. Professional services

Program Committees

- **Vice Chair**, EURO-PAR 2002, Topic 3: Scheduling and Load Balancing.
- Co-founder of the Athens Colloquium on Algorithms and Complexity (ACAC), Committee member 2006-2013.
- **Co-chair**, ISCO 2012, 2nd International Symposium on Combinatorial Optimization.
- **Local Chair**, EURO-PAR 2012, Topic 3: Scheduling and Load Balancing.
- **Member**, APEX 2013, 2nd Int. Workshop on Approximation, Parameterized and EXact algorithms.
- **Member**, ISCO 2014, 3rd International Symposium on Combinatorial Optimization.

Editorial services

- **Co-editor**, Proceedings of the 2nd International Symposium on Combinatorial Optimization (ISCO 2012), Lecture Notes in Computer Science 7422 (2012).
- **Guest co-editor**, Theoretical Computer Science, Special issue on Combinatorial Optimization, in preparation, 2012.

Refereeing

- **Journals:** SIAM Journal on Computing, Algorithmica, Theoretical Computer Science, Discrete Mathematics, Journal of Graph Theory, Distributed Computing, Parallel Computing, Annals of Operation Research, Artificial Intelligence in Medicine, Parallel Processing Letters, Sustainable Computing: Informatics and Systems.
- **Conferences:** Symposium on Theoretical Aspects of Computer Science (STACS), European Symposium of Algorithms (ESA), Approximation Algorithms for Combinatorial Optimization Problems (APPROX), Workshop on Approximation and Online Algorithms (WAOA), Principles of Database Systems (PODS), IFIP-Networking, Combinatorics and Computer Science (CCS), International Conference on Algorithms and Complexity (CIAC).

Project's proposals evaluation

- Greek General Secretariat for Research and Technology, Greek national calls, 2003-2012.
- AXA Reseach Fund, Paris, France, Post-doctoral grants and Research projects, 2008.

Organizing committees

- Organizer, ISCO 2012, 2nd International Symposium on Combinatorial Optimization, Athens University of Economics and Business, April 19-21, 2012.
- Organizer, Spring School on "Mathematical Programming and Design of Approximation Algorithms" by David Shmoys and David Williamson, Athens University of Economics and Business, April 11-18, 2012.
- Co-organizer of the Athens Colloquium on Algorithms and Complexity (ACAC), 2006-2012
- Organizer, *APPOL Workshop*, (final meeting of the IST-FET APProximation and On-Line algorithms II (APPOL II) project, Athens University of Economics and Business, September 30-October 2, 2004.
- Organizer, Greek-French Workshop on Graph Algorithms and Applications (GA²), Athens, Greece, October 29-30, 1996.
- Organizing committee member, International Conference on Database Theory, ICDT'97, Delphi, Greece, January 8-10, 1997.

Invited talks

- International Workshop on *Scheduling in Parallel and Distributed Systems*, Luminy, France, June 10-14, 1996.
- Dagstuhl Seminar 9723, *Scheduling in Computer and Manufacturing Systems*, Dagstuhl Research Center, Dagstuhl, Germany, June 2-6, 1997.
- International Workshop *New Trends on Scheduling in Parallel and Distributed Systems*, Aussois, France, June 15-19, 1998.
- International Workshop *Perspectives on Scheduling in Parallel and Distributed Systems*, Luminy, France, October 1-5, 2001.
- Dagstuhl Seminar 02251, *Approximation and Randomized Algorithms in Communication Networks*, Dagstuhl Research Center, Dagstuhl, Germany, June 16-21, 2002.
- Also in several European Universities and research Institutes:
 - INRIA Sophia-Antipolis, MISTRAL seminar.
 - Max-Planck-Institut für *Informatik*, Algorithms and Complexity seminar.
 - Université d'Évry-Val d'Essonne, OPAL seminar.
 - École Normale Supérieure (ENS), Département d'Informatique, TALGO seminar.

7. Ph.D. students

- Giorgio Lucarelli,
Scheduling in Computer and Communication Systems and Generalized Graph Coloring Problems, October 2009 (now post-doctoral researcher in LIP6, Université Pierre et Marie Curie).
- Georgios Zois,
Algorithms for Energy-Efficient Computing, cotutelle with Evripidis Bampis, Université Pierre et Marie Curie, Started November 2010.

8. Publications

Theses

- T1.** I. Milis, *Task assignment in distributed computing systems: algorithms and complexity*, Ph.D. Thesis (in Greek), Departement of Informatics, Athens University of Economics and Business, 1989.
- T2.** I. Milis, *Computer aided design of photovoltaic systems*, B.E.E Thesis (in Greek), Department of Electrical Engineering, Democritus University of Thrake, 1983.

Books

- B1.** J. C. Cavouras, I. Z. Milis, G. V. Xylomenos, and A. A. Roukounaki, *Distributed Systems with Java*, Klidarithmos Editions, Athens 2005, pages xiv+557 (in Greek).

Book Chapters

- Ch1.** I. Milis, *Approximating a class of classification problems*, in "Efficient Approximation and Online Algorithms: Recent Progress on Classical Combinatorial Optimization Problems and New Applications", Lecture Notes in Computer Science (*State-of-the-Art Volume*) 3484 (2006) 213-249.
- Ch2.** M. Demange, B. Escoffier, G. Lucarelli, I. Milis, J. Monnot, V. Th. Paschos and D. De Werra, *Weighted Edge Coloring*, in "Combinatorial Optimization and Theoretical Computer Science: Interfaces and Perspectives", Wiley-ISTE (2008) 291-317.

Editorials

- E1.** M. Drozdowski, I. Milis, L. Rudolph and D. Trystram, *Introduction, Topic 3: Scheduling and Load Balancing*, In Proc. 6th International Euro-Par Conference (EURO-PAR' 02), Lecture Notes in Computer Science 1900 (2002).
- E2.** E. Markakis and I. Milis, In Proc. 4th Athens Colloquium on Algorithms and Complexity, CoRR abs/0909.5479 (2009).
- E3.** A. R. Mahjoub, E. Markakis, I. Milis, V. Th. Paschos, *Preface*, In Proc. 2nd International Symposium on Combinatorial Optimization (ISCO 2102), Revised Selected Papers, Lecture Notes in Computer Science 7422 (2012).
- E4.** D. Trystram, I. Milis, Z. Du, U. Schwiegelshohn, *Introduction, Topic 3: Scheduling and Load Balancing*, In Proc. 18th International Euro-Par Conference (EURO-PAR' 12), Lecture Notes in Computer Science 7484 (2012).

International journals

- J1.** V. F. Magirou and I. Milis, *An algorithm for the multiprocessor assignment problem*, Operations Research Letters 8 (1989) 351-356.
- J2.** I. Milis and V. F. Magirou, *A Lagrangian relaxation algorithm for sparse quadratic assignment problems*, Operations Research Letters 17 (1995) 69-76.
- J3.** E. Bampis, Y. Manoussakis and I. Milis, *NC algorithms for antirected Hamiltonian paths and cycles in tournaments*, Journal of Combinatorial Mathematics and Combinatorial Computing 21 (1996) 223-234.
- J4.** L. Finta, Z. Liu, I. Milis and E. Bampis, *Scheduling UET-UCT series-parallel graphs on two processors*, Theoretical Computer Science 162 (1996) 323-340.
- J5.** E. Bampis, A. Giannakos, A. Karzanov, Y. Manoussakis and I. Milis, *A parallel algorithm for finding a perfect matching in a planar graph*, Parallel Processing Letters 8 (1998) 399-405.
- J6.** Y. Manoussakis and I. Milis, *A sufficient condition for maximum cycles in bipartite digraphs*, Discrete Mathematics 207 (1999) 161-171.
- J7.** E. Bampis, Y. Manoussakis and I. Milis, *On the parallel complexity of the alternating Hamiltonian cycle problem*, RAIRO-Operations Research. 33 (1999) 421-437.
- J8.** E. Bampis, A. Giannakos, A. Karzanov, Y. Manoussakis and I. Milis, *Perfect matching in general vs. cubic graphs: a note on the planar and bipartite cases*, Theoretical Informatics and Applications 34 (2000) 87-98.
- J9.** F. Afrati, E. Bampis, C. Kenyon and I. Milis, *A PTAS for the average weighted completion time problem on unrelated machines*, Journal of Scheduling 3 (2000) 323-332.
- J10.** F. Afrati, E. Bampis, L. Finta and I. Milis, *Scheduling trees with large communication delays on two identical processors*, Journal of Scheduling 8 (2005) 179-190.
- J11.** F. Afrati, T. Aslanidis, E. Bampis and I. Milis, *Scheduling in switching networks with set-up delays*, Journal of Combinatorial Optimization 9 (2005) 49-57.
- J12.** F. Afrati and I. Milis, *Designing PTASs for MIN-SUM scheduling problems*, Discrete Applied Mathematics 154 (2006) 622-639.
- J13.** M. Liazi, I. Milis, F. Pascual, V. Zissimopoulos, *The densest k-subgraph problem on clique graphs*, Journal of Combinatorial Optimization 14 (2007) 465-474.
- J14.** M. Liazi, I. Milis, V. Zissimopoulos, *A constant approximation algorithm for the densest k-subgraph problem on chordal graphs*, Information Processing Letters 108 (2008), 29-32.
- J15.** G. Lucarelli, I. Milis and V. Th. Paschos, *On the max-weight edge coloring problem*, Journal of Combinatorial Optimization 20 (2010) 429-442.
